

**GIVE YOUR HOME PERSONALITY WITH PRODIGY'S DYNAMIC COLOR PALETTE AND DETAILED ACCESSORIES.**

Color is the essential palette of expression. Prodigy adds longer-lasting color to its subtle textures and generous exposure widths. Perhaps best of all, maintenance is a breeze; just rinse occasionally with a garden hose to maintain the freshly painted appearance.

Luran® S ASA weatherable polymers from BASF provide superior fade resistance and better performance on Prodigy's darker colors. And with Prodigy's fourteen beautiful colors and luxurious low-gloss finish, all of us can find the color within.

*We strongly recommend that you make your final color selections using actual product samples. Colors in this brochure are only as accurate as printing techniques allow.*

Accessories to help express yourself.

Prodigy trim and accessories are painstakingly designed and manufactured to complement the color and style of your siding. Many have insulation inside to add rigidity, improve impact resistance and to complete the virtually uninterrupted insulation of Prodigy. The array of choices you will find in this collection can enhance a mansion, a suburban colonial, a vintage cape, or your cottage by the sea.

Trimworks® accessories are made with the same quality and attention to detail as the Prodigy panels. Plus, soffit, trim, accessories, rainware, gutter coil, fascia and trim coil are matched to your siding, thanks to the ColorConnect® Color Matching System.

SEE AND FEEL  
THE DIFFERENCE.

ENERGY EFFICIENCY

**ProdigyFactor5.0™**

**System R-value of 5.0.** Prodigy's 1 1/2" insulation provides industry-best energy savings with a system R-value of 5.0 on clapboard and 5.3 on dutch lap and is designed to reduce your energy costs year-round.

**ThermoSphere™**

**Energy Gap Protection.** With innovative features like RigidLock and TrueForm™ combined with a fully insulated line of trim and accessories, Prodigy provides an unbroken blanket of insulation.

ENGINEERED PERFORMANCE

**TrueForm™**

**One-Piece Insulated Siding System.** Precision contoured insulation bonds securely to the siding panel creating an integrated system that delivers remarkable strength and energy efficiency. This highly-engineered, insulated siding system provides exceptional durability and the strength to withstand Mother Nature, while safeguarding against energy loss.

**RigidLock**

**Secure Interlocking Panel Design.** Innovative, patent-pending panel locking design for a tight, secure fit with no insulation gap. This ensures your siding will be securely locked in, will have straight and even course lines, and look great for a lifetime.

**MonoWallIntegrity™**

**Structurally Independent Wall System.** Structural integrity and rigidly interlocking panels mean Prodigy stands tall on its own. The siding that stands on its own will stand up to almost anything.

INSPIRED BEAUTY

**TrueCourse™**

**The Look of Hand-Installed Boards.** Designed and expertly manufactured to capture the look of traditional single-plank siding. Available in 6" clapboard and 5" dutch lap profiles.

**168" ExtendedLength**

**More Panel. Less Seams.**  
39% longer than a standard 12" panel, the 16' 8" Extended Length panel design yields a straighter, cleaner exterior appearance and fewer overlaps.

**TrueWoodLook**

**Crisp, Clean and Subtle.** The look and feel of finely milled wood attracts admiration without seeking attention. The understated look is timeless and genuine.

**TrueForm™**

*Traditional vinyl siding is no match for the Prodigy insulated siding system. Prodigy provides unsurpassed protection against energy loss and the distortion and fading caused by extreme weather. Prodigy bonds an inner core of high-density insulation with a durable and beautiful outer layer – creating an integrated system that delivers remarkable strength and performance.*

**The result:** your installer can achieve a uniform outer layer with a beautiful finish that holds true.

**RigidLock**

*The exclusive RigidLock with tongue-and-groove design means Prodigy stacks firmly and locks in place with a tight connection and a satisfying "snap" that ensures a secure installation and reduced energy gaps.*

**TrueCourse™**

*Quality from a different perspective. Prodigy is designed to look just like single, hand-installed boards. Even from the bottom up.*

**MonoWallIntegrity™**

*Intrinsic strength is the hallmark of the MonoWall Integrity feature. Combining secure locking and panel rigidity, Prodigy creates a veritable wall of its own.*
